Hello,

My name is Dante Curtola. In June of last year, my girlfriend and I adopted an adorable girl puppy from you. Her brother, at the time, was the featured pet of the week named "Patches". When we got to the kennels, we decided to take the female after she stole our hearts.

We named her "Maddie" and she is about 9 months old now. She has absolutely been the best dog I have ever owned. She travels with us (almost) everywhere we go. She loves running in the snow, going on road trips, and going to work with dad. My girlfriend and I just wanted to say THANK YOU for giving us the opportunity to have such a blessing in our lives.

I have attached a photo of us (our Christmas picture). Again, thank you!!!

Sincerely,

Danny Curtola and Sara Wendt
